2023 CreArt Canadian Painting & Design Competition for Children & Youth

## TOPIC

# Tomorrow

Tomorrow is a word with hope, and people are full of imagination about tomorrow. Maybe tomorrow, you will meet more friends and spend precious time together. Or maybe tomorrow's technology will be more developed and bring convenience to the world. Tomorrow, man and nature learn to live in harmony, and you are the witness. The imagination of tomorrow may start from the things around you, and it can also be your vision of the future world. There are no limitations, the most important thing is to express your thoughts.
